

## How To Request a Temp Limit Increase

Each user's credit card starts with a \$1000 monthly limit. In cases where you will need a little more purchasing power, you may request that we temporarily increase the limit on your card so that you make that purchase.

To do this, simply email [fieldfinance@afsusa.org](mailto:fieldfinance@afsusa.org) and request how much of a limit you will need and for how long. A Field Finance rep will confirm your bank balance and make the request to our CFO. Once the CFO approves it, the Works Admin will make the change immediately.
