

**Intercultural
Programs USA**

Get Involved!

Join a community of active global citizens

AFS-USA has been a leader in intercultural education for over 75 years, working toward a more just and peaceful world by providing learning experiences to individuals, families, schools, and communities through a global volunteer partnership.

Go Abroad

**Immerse
yourself in a
new culture**

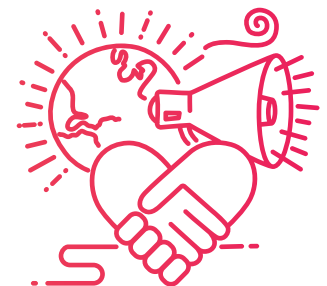

Students who study abroad foster global competence and build essential skills for a successful future. Our immersive programs in 40+ countries range from two weeks to an academic year and are designed to build intercultural connections that last a lifetime. By becoming part of a host community, you will see the world through a fresh perspective.

Become a host

**Open your home
to a high school
exchange student**

Become a global family by welcoming an international student into your home for a few weeks to a full academic year. AFS exchange students are ambitious, curious, and eager to share their culture with their host communities. With 75 years of experience and a broad selection of students, we work with you to find just the right fit for you and your home.

Volunteer

**Foster cultural
understanding in
your community**

Become an important part of the exchange experience in the U.S. and help prepare young people in your community to embark on their journey abroad! As an AFS Volunteer, you can embrace a variety of roles and responsibilities to fit your skills, interests, and availability.
